John and Ed,

I just got this letter from a Utah resident who is opposed to Bears Ears. Ron thought you might get a chuckle out of it. See attached.

Dear Sen. Orrin Hatch,

I don't think Bears Ears National Monument should be kept. First, it is a popular outdoor spot. People like to ride ATVs on it. Ranchers need a spot to keep cattle. If it stays a national monument the only thing to do is to look at it and hike on it. It is in Utah and most people in Utah don't like the idea. If it had to stay, it is too big. (1.3 million acres) I don't like the idea of having it in Utah and the people in Utah are the people that most are going to see it and we don't like it.

Sincerely Michael Ralphs age 12
